ELIGIBILITY AND SCHEDULE OF CLASSES

This classification applies to competitions for large, medium and small dogs.

In the following definitions of classes First Prizes or other prize wins are those gained in standard classes at any Kennel Club licensed Open Agility Shows (i.e. Limited Agility Shows, special classes and invitations events excepted). Only a first place with a clear round will count towards grade progression. Societies may schedule classes other than those defined below. The eligibility for "Special" classes must be defined by the Society and included in the schedule. The word "Special" must be included in the title of the class.

Agility classes to include contact points and Jumping classes where there are not contact obstacles. With this proviso classes are defined as follows:-

Class Structure. A Class may either be held as a Graded Class or a Combined Class. A Graded Class may be scheduled for one or more consecutive Grades with separate results and awards issued for each grade. A Combined Class may be scheduled for more than one consecutive grade with one overall set of results.

Progression. Progression from each Grade will require one Agility win or three Jumping wins at that grade, except that progression from Grade 6 will require 4 wins at Grade 6, two of which must be agility classes. Results from Combined Classes will only count towards progression from the dog's current grade.

Points Progression. At the handler's discretion a dog may progress up to Grade 5 by winning 75 points at each grade, using the Agility Warrant points scheme, Regulation K3.C. refers, except that there is no requirement for a minimum number of agility points. If this method of progression is selected, the handler must ensure the Show Secretary signs the dog's Agility Record Book at the first show entered at the higher grade. There is no time limit on this progression, however, once a dog has progressed, it cannot return to a previous grade.

CLASSIFICATION

Only first prizes and points gained in standard classes at Kennel Club licensed Agility Shows may be used for progression through the classes. (A dog is only eligible for one grade). In defining of the owner or handler for Grade 1, the three jumping wins and points progression referred to in the definition apply only to one dog and not an accumulation of dogs.

This classification applies to competitions for large, medium and small dogs.
